

SUMMER

by BOBÜLL FLOWER DESIGN

“Life, now, was unfolding before me, constantly and visibly, like the flowers of summer that drop fanlike petals on eternal soil.” Roman Payne

A row of approximately ten glass vases, each containing a bouquet of pink roses. The roses are in various stages of bloom, with some showing deep pink and others lighter shades. The vases are arranged on a white shelf. In the background, a stone statue of a seated figure is visible, partially obscured by the flowers. The entire scene is framed by a gold-colored border.
